

RightRez Inc Nominated for Two Fuse Business Innovation Awards

Bloomington, IN July 2006 – RightRez announced their nomination as a finalist for the 2006 Fuse Innovation Business Awards in the categories of Entrepreneurial Growth Award and the Innovative Business of the Year Award. "The Fuse Awards recognize not just successful businesses, but entrepreneurs who think in innovative ways and whose organizations are 'Brands to Watch'", said Brian Kleber regional director of SBDC and inVenture.

The Innovative Business of the Year Award recognizes a "science or technology business which has had exceptional performance – or has changed an industry or consumers' lives in significant ways." The Entrepreneurial Growth Award honors a growing company's responsible and sustainable growth "which has demonstrated 30% or greater growth in revenue over the past 2 years."

Nominees are evaluated by an independent panel of entrepreneurial leaders and scholars. Award winners will be recognized at the Fuse Innovation Awards Luncheon in October.
